***Are you passionate about supporting people?***

An exciting opportunity has arisen to join the Learning Disability Social Work Team. We are a dedicated team supporting adults with a learning disability. Our mission is to enhance quality of life and promote independence by providing personalised care and support, using creative and innovative solutions to meet eligible outcomes.

The post holder will share our challenging mindset, say yes to going against the grain, will be innovative thinking with a courageous attitude and believe in promoting the independence of the people in Flintshire. With your Social Work qualification, you will support citizens across Flintshire to co-produce strength-based, outcome focused interventions, holding a diverse caseload that will make every day different.

You will do this with the full support of our team of expert social workers and through the connections of external agencies. You will need to have a sound understanding of the Social Services and Wellbeing Act (Wales) 2014 and Mental Capacity Act 2005.

Our team embraces flexible hybrid working where we meet regularly at the office base for peer support. This is an opportunity to grow your skills and have access to ongoing training and development opportunities – where you will also benefit from competitive salary packages and a generous holiday entitlement. The ability to speak Welsh is desirable.

*As this post will result in substantial contact with adults at risk/or vulnerable adults the successful applicant will be subject to a Disclosure and Barring Services check and hold registration with Social Care Wales.*
