JOB DESCRIPTION		
Job Title	Senior Social Worker	
Portfolio	Social Services	
Reports to	Deputy Team Manager	
Location		
Job Reference/ID Number		

Job Purpose

The Senior Social Worker fulfils their duties, roles and responsibilities in line with those described for Social Workers. However, they perform duties and functions which reflect their ability to undertake social work practice at its more complex level, including assessment and appropriate management of risks, and providing casework supervision to other team members.

Principal Accountabilities

The Senior Social Worker will:

- 1. Undertake assessment and care management of cases independently within the parameters of the Council, demonstrating an ability to deal with complex cases. This will involve managing complex relationships, high levels of risk to service users, safeguarding vulnerable children or adults and making judgements about the need for compulsory action.
- 2. To undertake strength based assessments of needs of both service users and their carers, and design and implement appropriate care packages that reflect the complex needs of individuals and their carers, and are assessed in a person centred outcome focused way. Identify and assess risks and put in place strategies and protocols to reduce them.
- 3. Following assessment and in liaison with multi-disciplinary teams, organise, implement, monitor and review care plans and/or protection plans in line with case management procedures, using professional assertiveness to justify decisions and uphold professional Social Work practice, values and ethics.
- 4. Advocate with, and on behalf of, individuals, families, carers, groups and communities, or support them to access independent advocacy services.
- 5. Provide professional supervision, mentoring and support to other team members including newly qualified Social Workers, Social Work students and Support staff, and be responsible for the induction and development of new staff members. Ensure all practice meets required standards with regard to safeguarding and care planning practice standards and regulations.
- 6. Provide support to less experienced officers with the case management of more complex cases, to assist with their learning and development.
- 7. Prepare court reports and other specialist reports, and where required, give evidence in court in relation to care proceedings or Court of Protection work.

- 8. Attend internal and interagency meetings, including strategy meetings with statutory agencies, to provide information which contributes to ongoing investigations. Feedback on outcomes and agreed strategies to the management team.
- 9. Provide advice/ support/ consultation on social work practice to other agencies and members of the public.
- 10. Maintain accurate and up to date records of all case work using social care electronic management systems in compliance with data protection legislation and the File Management and Case Recording Policy and to ensure that a full detailed record and chronology are available in the event of case information being required by the Court.
